

Dear Emily, Jami, and the Date Wreck Community

I am truly sorry for initiating a rude, useless conversation on OkCupid with Emily. It was unnecessary, impolite, obviously insulting and a waste of Emily's time.

I truly apologize for having engaged in that behavior and truly sorry for any discomfort it caused. Date Wrecks has been instrumental in making me look at myself and how inappropriate my behavior was. A true enlightenment causing feelings of embarrassment, guilt, and what a true idiot I am capable of being. I am sure my close family and friends would be just as embarrassed, sorry, and disappointed in me that I could go that low.

I hope this apology is sufficient for forgiveness. And once again I am sorry and apologize to Emily, Jami, and the Date Wreck Community

Be grudgingly....

I'm totally still posting all of the lame ass attempts and empty threats, too man. Dude actually tried to buck his chest at me about how cussing was "illegal"...

Dude. Seriously.
